Grand Ma's 100 Management Paradigms By Thomas Jeyendran

(ISBN: 978 0 9574486 1 2)

This book attempts to encapsulate the knowledge and wisdom expressed through two liners by the generation of yester years.

As many reflect on the causes and aftermath of the First World War (1914 – 1918) during this centenary year, Thomas Jeyendran has collated 100 poignant two liners that are more relevant today in the current socio-economic climate than ever before.

Book with a purpose!
